

BODY SAFETY AUSTRALIA

Hello,

I am reaching out to share some exciting news and offer you an exclusive opportunity – ***Body Safety Australia is expanding and bringing our child safety programs to South Australia, and we are looking to partner with like-minded organisations.***

Body Safety Australia is the country's leading organisation committed to creating childhoods free from violence. We educate and empower children, families and educators in abuse prevention and respectful relationships. We have been featured on Insight, The Role of a Lifetime and Asking for It and are a trusted eSafety Provider. Our programs have created lasting cultural change in communities across Victoria and we want to partner with you to bring those programs to South Australia.

We have a proven track record across Victoria, including with schools such as Xavier College and St Phillip's Primary, and are excited to now bring our programs to South Australia. We know that your school takes child safeguarding seriously and we can help you implement the National Principles for Child Safe Organisations in a way that empowers your unique community.

YOU ARE INVITED!

We invite you to attend our launch event on ***Tuesday 8th of July***, where we will be hosting a complementary children's workshop and information session for schools.

Further information and tickets can be found by scanning the QR code – *get in quick as tickets are strictly limited!*

If you would like any more information or to discuss this further, please do not hesitate to reach out to us – we would love to connect with you and hope you will join us at the forefront of child safety education in South Australia.

Kind regards,

Cindy, and the team at Body Safety Australia
