

BODY SAFETY AUSTRALIA

Hi,

I'm a parent/carer and my child/children attend your centre. I wanted to share some information about an amazing organisation, **Body Safety Australia**.

They are **leaders** in delivering education and professional development to early childcare and education centres, and I truly believe they'd be a great fit for the centre. I would like you to consider working with them to deliver body safety education for the children, as well as child safety training and professional development for staff.

They have been successfully running programs across Victoria for years and their **Superstars** program is designed to teach children about their right to bodily autonomy and supports communities to prevent child sexual abuse. For educators, their professional development workshop, **See It, Say It**, is practical and helps staff identify reportable issues and build confidence in taking action to keep children safe.

THE SUPERSTARS PROGRAM INCLUDES:

Children's Program

2 X 45 minutes
*Suitable for ages
3-5 years*

Students' Program

Foundation, Grade 1 & 2:
2 X 1 hour sessions
Grade 3, 4, 5 & 6:
3 x 1 hour sessions

Parent/Carer Workshops

1 x 2 hour session
*Available in person
or online*

Professional Development

1 x full day OR
1 x half day OR
1 x 2 hour session

To learn more about Body Safety Australia, their programs and the work that they do, I would encourage you visit their website via the QR code below or contact them via phone or email, they would welcome the opportunity to connect and provide further information.

Thanks for considering it, please let me know if the centre is interested!
